Re: General Dynamics Corporation
Docket No. TSCA-09-86-0036

Dear Mr. Davis:

You will recall our telephone conversation last Wednesday, August 13, 1986, regarding the subject administrative enforcement action by this Regional office of the United States Environmental Protection Agency. At the time of our talk I indicated to you our desire to engage this operator of an Air Force plant in settlement discussions. You indicated your willingness to assist in this development. We also discussed providing you with copies of the pleadings in the enforcement action which you were intending to pick-up at the time of your meeting on a CERCLA matter in this office.

For your convenience we have enclosed a copy of the pleadings. Please know that we are willing to meet with the Air Force and their operator, General Dynamics Corporation, at any mutually convenient time.

Sincerely yours,

David M. Jones
Assistant Regional Counsel
